Providing Quality Care in Gloucestershire

Welcome to Magnolia House - *A Lovely Place to Live*

Offering you both residential and nursing care Magnolia House is often described as a 'happy home' and is well known for its friendly and homely atmosphere. We believe this is one of the most important things for you to feel when you come to the home. All of our staff are dedicated to making sure that your wellbeing and happiness is looked after at all times.

All The Comforts Of Home

Magnolia House offers you excellent facilities to enjoy. There are a number of different dining and lounge areas for you to relax in, catch up with friends or perhaps just take a quiet cup of tea. You can also enjoy the conservatory, which overlooks our attractive courtyard garden. The summer months and warmer weather gives you the opportunity to take part in BBQs and other outdoor occasions, often with family and friends there to join you.

You have a wide choice of tastefully decorated bedrooms, which you can make your own. We encourage you to bring those special personal items of furniture, treasured possessions, and pictures to personalise your room with familiar things so that you feel totally at home.

If you enjoy having your hair done we have a salon where you can see a hairdresser each week. So that you can keep in regular touch with family and friends we have computers for you to use with access to the internet at any time. We want you to have all the comforts you have been used to and to feel Magnolia House is truly your home from home.

Leading A Fulfilling Life

To be able to have fun in your new home and live a life that is fulfilling is very important. Together with you, our dedicated activities co-ordinators plan lots of different activities and pastimes. No two days are the same and there will always be plenty of variety for you to enjoy. You might like to watch movies, listen to music, play puzzles or perhaps have a game of cards with friends.

As we have so many places on our doorstep in the Cotswolds you may like to visit a beautiful garden, take afternoon tea somewhere, or go on a canal trip.

A Caring Team

We want you to have the care that suits you, which is why we take time to sit down with you, your GP and your family to create a personalised plan for looking after you; something that reflects not only your needs but also your personality and lifestyle. We will regularly review the plan with you and update it to ensure that you are always receiving the care that you want and deserve.

We will do everything possible for you to feel settled in your new home. A lot of our staff have been at Magnolia House for many years, and know just how important it is for you to feel comfortable and happy in your new surroundings.

The team here have experience dealing with all levels of nursing and residential care, so whatever your requirements, rest assured that your wellbeing is their priority.

Our staff will take pride in becoming your friends, and will always look after you with dignity and respect. At Magnolia House there will always be someone there for you, 24 hours every day.

Delicious Home Cooked Food

Sharing delicious home cooked food and a drink with others is one of life's great pleasures, and we want you to be able to continue to enjoy this as part of your daily life. Mealtimes are always a friendly, social occasion giving everyone the chance to come together and chat.

We are passionate about making your mealtimes something to look forward to every day. Keeping you healthy is important and we have a wide range of nutritious menu choices for you to enjoy. We also cater for special dietary needs – so whether you are diabetic or suffer from food allergies or intolerances, you will find there is something just made for you.

Our chefs also know that everyone loves regular treats. You might fancy an old favourite or trying something new – just ask them and they will see what they can do. If you would like to, why not invite family or friends to join you. You can take lunch together, have afternoon tea, or throw a special birthday celebration – everyone is welcome!

“Mum said many times that she liked it at Magnolia House and the staff were lovely. That was a great comfort for us.”

Cedar Trust - A Little About Us

We are a family-owned local company that has been caring for people in Gloucestershire for over three decades. We opened our first home in Cheltenham in 1986 with one aim in mind – to look after everyone in a warm, compassionate, safe and friendly environment.

Really great care is all about developing good relationships. The teams in our homes are not only chosen for their professionalism but also their understanding and compassion. Through this they create strong and lasting friendships with both you and your families. This is one of the key reasons why our homes are lovely places to live – they feel like communities where the whole family is respected and looked after.

Although we offer the very best care for you, our five homes are much more than just about caring; they are about enriching people's lives at a time when they thought that might not be easily achieved. We have been, and remain, proud to be able to help people find happiness, friendship and fulfillment in their later years.
